Dedication to E. K. Richmond

We, the Class of 1942, with heavy hearts and bowed heads solemnly dedicate this page of our yearbook in memory of Everette Keith Richmond whose fond memories will live on in the hearts of his classmates forever. During his very active years in school he was known and loved by one and all. Although his passing was grieved by many, his wholesome, fun-loving spirit will never die but will remain a constant thought in our minds.

Senior Class History

Probably one of the greatest events in our lives to date was our entrance into Rome Free Academy in the fall of 1939. We were very graciously treated by the upper-classmen.

Our first official duty as sophomores was to build a bonfire for the pep fest on the eve of the annual Rome-Utica football game. Although there hadn't been any bonfires built for a number of years, this attempt was definitely a success.

A few weeks later we had the pleasure of decorating the auditorium and the halls for the Christmas season. Our ideas and enthusiasm brought us success in this task.

During our first year in Rome Free Academy our class and the school as a whole suffered a great loss in the passing away of our class treasurer, Everette Richmond. He was a marvelous person and was deeply devoted to his class and his duties.

Our big task as juniors was to stage a successful Junior Prom. This we did. The dance was very well attended and was a true picture of the capability of our class.

At graduation time in June of our junior year we assisted with the graduation week exercises, serving as ushers and doing whatever we could to be helpful.

At last, our senior year arrived. During a time of such national emergency when our country was on the verge of and finally was forced into war, many precedents had to be broken; and some of the pleasures, we would have otherwise enjoyed during our last year, were very readily given up. Naturally, we realize that this war is as much our battle as it is the battle of our friends and relatives. This realization has been a great factor in making the members of our class regular purchasers of defense stamps.

With the coming of spring came the traditional senior play. It was with a great deal of success that we produced Clifford Goldsmith's "What A Life."

And now as June approaches, it brings with it Commencement Week. It is with deep regret that we part from the familiar halls of good old R. F. A. Upon leaving, we wish to express our hope of a successful future for our fellow students.

Junior Class History

In 1940 we entered the spacious halls of Rome Free Academy full of expectancy. But during our sophomore year we were sorely disappointed in not being allowed to show our ability until the eve of the annual Utica football game. On this night we built a bonfire for the pep meeting. Our next official duty was decorating the school for the holidays. This we did very well.

Our biggest thrill came during our junior year when we started making preparations for the Junior Prom. We felt a surge of triumph as our first really important event took place. It was a great success.

The clock of time has run its course and I'm about to write "finis" to the record of events. It has been a memorable two years, alive with activities, —a splendid monument of achievement to the leadership of the seniors. We wish them all success.

Recognition

Many of our graduated friends and classmates have joined the armed forces of our country to keep it free. When Uncle Sam asked for volunteers, it was our schoolmates who responded most heartily. With this in mind, we, the Class of 1942, wish to express our hope of success and a brighter future for these gallant defenders of democracy.

Davis Essay

Every year an award of $40 is presented to the junior or senior in Rome Free Academy who has written the best essay on the subject chosen for the year. The committee to choose the subject is composed of the President of the Board of Education, the Superintendent of Schools, and the Principal of Rome Free Academy. This year the subject is "The Development of Friendly Relations Between the U. S. and Latin America".

The prize, which is awarded at the commencement exercises is half the annual income derived from the fund of $2,000 bequeathed by Lizzie M. Davis. The winners for the past three years are:

National Honor Society

On the basis of Scholarship, Leadership, Character, and Service, each year a certain number of eligible juniors and seniors, from the upper third of their classes, are awarded membership in the National Honor Society.

For choosing candidates the nominators consider students who have shown outstanding ability in both studies and extra-curricular activities, and who have exhibited in both conduct and association with other students and the faculty a spirit of cooperation and courtesy.

However, the organization has practical value as well as honorary significance, for it offers financial support to those members who find such assistance necessary to complete their higher education. Thus many students receive tangible benefits from the hard work invested during their high school years.

Both the Alpha and the Beta have carried through another successful year of Hi-Y work. Both chapters sent representatives to the H-Y Model Assembly at Albany, and a Beta brother, Harry Spraggins, attended a conference in Ottawa, Canada, and was the only United States representative present. Press Club

The purpose of the Press Club is to edit school news for the weekly school page in the "Rome Daily Sentinel."

The chief duty of the editor-in-chief is to post news assignments. Members are chosen from second term juniors who compete in collecting this news from various sources throughout the school. At the beginning of the senior year each takes a test, and, if successful, becomes an editor. After a term of editing, each one retires, receiving a club pin and retaining membership in the Press Club.

The club's chief source of income is the amateur show held each fall. With this money, the cost of pins for the editors and other minor expenses are defrayed.

At the special candle-light service held to honor Ellen H. Richards, the founder of Home Economics, Dr. Edmund Dyett was the guest speaker.

Through the sale of Christmas cards and Cole Indoor Circus tickets, the members earned over $60 to send delegates to the State Home Economics Convention. FOOTBALL SQUAD

Football

On September 2 Rome Free Academy took the lid off another football season. Of the fifteen letter men eligible only eight reported for uniforms.

With the opening game only three weeks away the coaches and players settled down to plenty of hard work.

The result of all this hard work was realized when Rome journeyed to Oswego to meet their best team in the last twelve years and defeated them 6-0. The game was played under trying conditions, on a field that would do for a miniature dust bowl with the temperature around ninety degrees. Only the fact that our team was in excellent physical condition won the game for us.

The following week Rome played host to a strong Auburn High School aggregation. After battling hard through the first half, Rome led 7-0.

In the third quarter Auburn bounced back and scored two quick touchdowns and led 13-7. With only thirty seconds remaining in the third quarter Rome was knocked out by a T. K. O. The crowd became unruly and several fights broke out making it necessary for the official to forfeit the game to Auburn 1-0.

The next week Rome tore through the heavy Syracuse Vocational football team to the tune of 21-0. Al Williams moved from his regular guard position to fullback, played a sparkling game, contributing one touchdown and three extra points. Tom Sezna scored twice as the entire team was out to avenge the Auburn defeat.

For the third consecutive week R. F. A. played at home on Wright Field. Rome suffered a hard blow when Proctor recovered the opening kick-off deep in Rome territory. Practically the whole first half was played inside of R. F. A.'s 50 yard. In the second half the Orange and Black gladiators roared back with a vengeance and rolled up three touchdowns and won 20-0. Rome paid dearly for the victory when, in the third quarter, Captain Bill Houser suffered a severe ankle injury.

With the next week off, Rome pointed to the Watertown game on October 25. The Romans especially wanted to win this one as Watertown was the only team in 1940 to defeat them.

With the battle cry "Remember 1940" we waded into a sea of mud and torrential downpour. With Bone Crusher Kowal, tearing through the line, and fleet-footed Tommy Sezna, skirting the ends, Rome outplayed Watertown all afternoon. Kowal scored two touchdowns before Watertown scored. Jack Peal clinched the game for us when he nabbed the Watertown safety man behind his goal line and two more points, making the score read 16-7.

With a three week lay off Coaches Grant, Westervelt, and Ferrare were faced with keeping up the fighting morale of the R. F. A. pigskin toters and keeping down over-confidence for the next start against the Pent-Ups of Utica.

On November 6 the first twenty-six players were entertained at the Block "R" banquet. A large representation of all past R. F. A. teams were there. A football was presented to Louis Van Slyke as a token of appreciation for his work in making the banquet possible.

On November 8 Rome traveled to Utica where they faced U. F. A. in the fifty-first renewal of hostilities. In the first half Utica played us even, and with the score 7-7 it looked as though U. F. A. might upset the "dope bucket." Utica soon tired in the second half, and twenty points were chalked up for Rome against none for Utica. The whole Rome squad from the first team down played good ball. Swivel-hipped Tommy Sezna made many sparkling runs, turning two of them into touchdowns.

Rome left Tuesday, November 8, for White Plains where they engaged the high-riding Tigers. At eleven o'clock on Thanksgiving morning the fray started. At one-thirty it was over and the tall, powerful, aggressive, and speedy White Plains football machine had steam-rollered the valiant but incapable R. F. A. forces down to a 19-0 defeat. The strong defense, coupled with a strong running and passing attack, was too much for the men of Grant as they bowed to defeat.

Quarterback Bus Kroll deserves a word of praise for the fine way he handled the R. F. A. team, after Bud Jones had been injured in the first quarter.

The Rome team and coaching staff deserve a great deal of credit for being a fine group of sportsmen. Many officials and teams remarked about the fine group of players.

James Spargo gave the entire R. F. A. squad a banquet for defeating Utica, as is the custom whenever the Men of Edkin are subdued by the Academy. Mr. Spargo was presented the football used in the R. F. A.-U. F. A. game in recognition of his kindness in giving them the banquet.

Hockey Team

Central New York Hockey Champions is the title that was won and earned by the R. F. A. Hockey Team in its second year of competition.

Rome split two games with Clinton, losing 4-0 and then winning on home ice, 6-1.

Rome met the powerful Onondaga Valley team three times, winning twice. Each game was a thriller—determined in each case by one point. R. F. A. lost the first one 4-3 but bounced back on our home ice to squeeze out a 1-0 victory. In the deciding rubber, on the Valley ice, the Championship was to be decided. Valley jumped into an early lead and was out in front 4-1 going into the last period. Suddenly the Rome second line or "Cough drop line", composed of the Smith Brothers (Bob and Don) and John McMahon, sprang into action.

John started it off with a goal and about five minutes later he repeated. Ten seconds later he rifled a shot past the goalie and the score was tied, 4 all. Just seven seconds later Bob Smith swished on in, and Rome held the 5-4 lead until the end.

In compiling the season's record of 7 wins and 2 defeats, Rome chalked up two victories over the Hamilton College Freshmen, 6-5 and 7-2. Clayton and Cornell Freshmen also bowed to the Rome skaters, 9-1 and 2-1.

The season was a very good one and victories were made possible by the gallant plays of Captain Bus Kroll, Bud Jones, and Bob McLean. On defense Al Williams and Bill Peal were outstanding. Bob Heller, in his first year as a goalie, turned in many sparkling games. The reserves deserve a word of credit and praise for their part in making the team a fighting unit.

Boys' Basketball

For the second consecutive year Rome Free Academy's basketball season was a disasterous experience. The team did not seem to have a last quarter punch to bring them through. Inexperience and lack of height were the main factors in their defeats. To brighten up the season, the R. F. A. tossers captured the City Championship, defeating Saint Aloysius Academy in two out of three contests. The following is the season's record:

Jimmie Colangelo: "Then why do they make us learn history?"

Mrs. Lyng: "If Shakespeare were alive today, would he still be regarded as a remarkable man?"

James Spargo: "I'd think so, for he'd be 376 years old."

Miss Owens: "About one in every five."

Bob McLean: "You bet it is. More than one good man has run into a church that way."

Roy Wheat: "Where in the world did you get that black eye, George?"

George Washburn: "I went to a dance and was struck by the beauty of the place."

"Jayd, why is it you never hear of a darky committing suicide?"

"Well, Mr. Dallas, I reckon it's dis yere way; a white man get's hisself into a passel of trouble an' he sets down an' thinks and thinks about it until his trouble seems so big he shoots hisself. A nigger man gets in trouble an' he sets down an' he thinks an' he thinks an' after a while he goes to sleep!"

Mr. Ubell: "Watch and see the birdie."

Howard Graves: "Pay attention to your exposure or you'll ruin the plate.

Mr. Newton: "Now, Mr. Lanigan, I am proud to congratulate you on winning the $20. Less gift tax, sales tax, separation tax and city tax makes you owe the Davies Essay Fund $1.14."

Miss Riley:--"Will you give an example of wasted energy?"

Dorrit Moldt: "Telling a hair-raising story to a bald-headed man."

Bill Juergens: (gallantly) "Suzie, dear, anything that you say goes."

Bette Lu: (Quickly) "Bill".

Prof. Atkinson: "When two bodies come together violently they generate heat."

Walt Olszewski: "Not always. I bumped into a guy once and he knocked me cold."

Mr. Whittemore: "How was iron first discovered?"

Jerry Dale: "I read that they 'smelt' it."

Officer: "Your truck awaits without."

Owen Murphy: "Without what?"

Officer: "Without lights. Name and address, please."

Miss Mittenmaier: "You can't sleep in my class."

Bus Kroll: "If you would talk a little lower I could."

Robert: "I used to play on the football team."

Dave Townsend: "What were you; halfback, fullback, quarterback or what?"

Boone: "The rest of the team called me the drawback."

John Nasky: "I want a ticket to New York."

Ticket Agent: "Do you wish to go by Buffalo?"

John: "Certainly not! I want to go by train."

Janet Preston never heard of the Electoral College because they never won a football game.

Buol: "I asked if I could see her home."

Fat: "And what did she say?"

Buol: "She said she'd send me a photo of it."

Salesgirl: "Here's a lovely sentiment on this card; 'To the only girl I ever loved'."

Bud Jones: "That's the stuff. Give me a dozen of them."
